

GETTING BACK TO BUSINESS

With vaccines just around the corner, the return to the office is imminent. The Covid crisis has definitely shaped the way we work, interact and collaborate with one another.

Through a carefully thought out hybrid working approach, businesses can not only keep employees safe, but improve overall mental health and job satisfaction.

The **hybrid working boom** is coming. Trust us.

HOW COVID HAS SHAPED THE OFFICE OF THE FUTURE

40
YEARS

is the number of years the global digital transformation agenda has accelerated during 2020

77
PERCENT

of employees envisage operating a portion of their working week from home as a direct result of COVID-19

375
MILLION

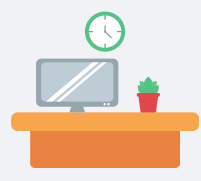

people use video collaboration platforms such as Microsoft Teams and Zoom every single day

74
PERCENT

of companies are currently planning to permanently adopt remote and hybrid working post COVID-19

MAKING HYBRID WORK

There is no one size fits all solution for the workplace post COVID. Finding the right balance is about understanding your people, environment and processes and matching them with the technology to enable, safe, productive communication and collaboration from wherever they are located.
